COMPLAINT FOR COPYRIGHT INFRINGEMENT

Plaintiffs, by its' attorneys, for its complaint against Defendants, allege:

JURISDICTION AND VENUE

1. This is a civil action seeking damages and injunctive relief for copyright infringement under the copyright laws of the United States (17 U.S.C. § 101 *et seq.*).

2. This Court has jurisdiction under 17 US.C. § 101 *et seq.*; 28 U.S.C. § 1331 (federal question); and 28 U.S.C. § 1338(a) (copyright).

3. The manner of the transfer of Plaintiff's motion picture, "*Puncture*", among the P2P network users is called a "BitTorrent protocol" or "torrent," which is different than the standard P2P protocol used for such networks as Kazaa and Limewire. The BitTorrent protocol makes

even small computers with low bandwidth capable of participating in large data transfers across a P2P network. The initial file-provider intentionally elects to share a file with a torrent network. This initial file is called a seed. Other users ("peers") and the network connect to the seed file to download. As yet additional peers request the same file each additional user becomes a part of the network from where the file can be downloaded. However, unlike a traditional peer-to-peer network, each new file downloader is receiving a different piece of the data from each user who has already downloaded the file that together comprises the whole. This piecemeal system with multiple pieces of data coming from peer members is usually referred to as a "swarm." The effect of this technology makes every downloader also an uploader of the illegally transferred file(s). This means that every "node" or peer user who has a copy of the infringing copyrighted material on a torrent network must necessarily also be a source of download for that infringing file.

4. This distributed nature of BitTorrent leads to a rapid viral spreading of a file throughout peer users. As more peers join the swarm, the likelihood of a successful download increases. Because of the nature of a BitTorrent protocol, any seed peer that has downloaded a file prior to the time a subsequent peer downloads the same file is automatically a source for the subsequent peer so long as that first seed peer is online at the time the subsequent peer downloads a file. Essentially, because of the nature of the swarm downloads as described above, every infringer is stealing copyrighted material from many ISPs in numerous jurisdictions around the country.

5. Venue in this District is proper under 28 U.S.C. § 1391(b) and/or 28 U.S.C. §1400(a). Although the true identity of each Defendant is unknown to the Plaintiffs at this time, on information and belief, each Defendant may be found in this District and/or a substantial part of

the acts of infringement complained of herein occurred in this District. On information and belief, personal jurisdiction in this District is proper because each Defendant, without consent or permission of the Plaintiff as exclusive rights owner, distributed and offered to distribute over the Internet copyrighted works for which the Plaintiff has exclusive rights. Such unlawful distribution occurred in every jurisdiction in the United States, including this one.

PARTIES

6. Plaintiffs Safety Point Productions, LLC, Picture Perfect Corporation, and Voltage Pictures, LLC (the "Plaintiffs") are a developer, producer, and distributor of motion pictures and television shows. Plaintiffs bring this action to stop Defendants from copying and distributing to others over the Internet unauthorized copies of the Plaintiff s copyrighted motion picture. Defendants' infringements allow them and others unlawfully to obtain and distribute for free unauthorized copyrighted works that the Plaintiffs spend millions of dollars to create and/or distribute. Each time a Defendant unlawfully distributes a free copy of the Plaintiffs' copyrighted motion picture to others over the Internet, each person who copies that motion picture can then distribute that unlawful copy to others without any significant degradation in sound and picture quality. Thus, a Defendant's distribution of even one unlawful copy of a motion picture can result in the nearly instantaneous worldwide distribution of that single copy to a limitless number of people. The Plaintiffs now seek redress for this rampant infringement of its exclusive rights.

7. Plaintiffs Safety Point Productions, LLC and Voltage Pictures, LLC are corporations located in California. Plaintiff Picture Perfect Corporation c/o Film Capital Europe Funds SA is a corporation located in the nation of Luxemburg. Plaintiffs are engaged in the production and

distribution of motion pictures and television shows for theatrical exhibition, home entertainment, and other forms of distribution. Plaintiffs are the owner of the copyrights and/or the pertinent exclusive rights under copyright in the United States in the motion picture that has been unlawfully distributed over the Internet by the Defendants.

8. The true names of Defendants are unknown to the Plaintiffs at this time. Each Defendant is known to the Plaintiffs only by the Internet Protocol ("IP") address assigned to that Defendant by his or her Internet Service Provider and the date and at the time at which the infringing activity of each Defendant was observed. The Plaintiffs believe that information obtained in discovery will lead to the identification of each Defendant's true name and permit the Plaintiffs to amend this Complaint to state the same. Plaintiffs further believe that additional information obtained will lead to the identification of additional infringing parties, as monitoring of online infringement of Plaintiffs' motion picture is ongoing.

COUNT I
INFRINGEMENT OF COPYRIGHTS

9. The Plaintiffs were responsible for the production of the commercially released motion picture titled '*Puncture*' starring Chris Evans, that has significant value and has been produced and created at considerable expense.

10. At all relevant times the Plaintiffs have been the holder of the pertinent exclusive rights infringed by Defendants, as alleged hereunder, for certain copyrighted motion pictures, including but not limited to the copyrighted motion picture "*Puncture*" ("Copyrighted Motion Picture," including derivative works). The Copyrighted Motion Picture is the subject of a valid Certificate of Copyright Registration #PAu-3-480-346 issued by the Register of Copyrights.

11. The Copyrighted Motion Picture contains a copyright notice advising the viewer that the motion picture is protected by the copyright laws.

12. The Plaintiffs are informed and believes that each Defendant, without the permission or consent of the Plaintiffs, has used, and continues to use, an online media distribution system to reproduce and distribute to the public, including by making available for distribution to others, the Copyrighted Motion Picture. The Plaintiffs have identified each Defendant by the IP address assigned to that Defendant by his or her ISP and the date and at the time at which the infringing activity of each Defendant was observed. In doing so, each Defendant has violated the Plaintiffs' exclusive rights of reproduction and distribution. Each Defendant's actions constitute infringement of the Plaintiffs' exclusive rights protected under the Copyright Act of 1976 (17 U.S.C. § 101 *et seq.*). On information and belief, each Defendant participated in a swarm and/or reproduced and/or distributed the same seed file of Plaintiffs' Copyrighted Motion Picture in digital form with each other.

13. The foregoing acts of infringement have been willful, intentional, and in disregard of and with indifference to the rights of the Plaintiff.

14. As a result of each Defendant's infringement of the Plaintiffs' exclusive rights under copyright, the Plaintiffs are entitled to relief pursuant to 17 U.S.C. § 504 and to its attorneys' fees and costs pursuant to 17 U.S.C. § 505.

15. The conduct of each Defendant is causing and, unless enjoined and restrained by this Court, will continue to cause the Plaintiffs great and irreparable injury that cannot fully be compensated or measured in money. The Plaintiffs have no adequate remedy at law. Pursuant to 17 U.S.C. §§ 502 and 503, the Plaintiffs are entitled to injunctive relief prohibiting each Defendant from further infringing the Plaintiffs' copyright and ordering that each Defendant destroy all copies of Copyrighted Motion Picture made in violation of the Plaintiffs' copyrights.

WHEREFORE, the Plaintiffs pray for judgment against each Defendant as follows:

1. For entry of permanent injunctions providing that each Defendant shall be enjoined

from directly or indirectly infringing the Plaintiffs' rights in the Copyrighted Motion Picture and any motion picture, whether now in existence or later created, that is owned or controlled by the Plaintiffs ("the Plaintiffs' Motion Pictures"), including without limitation by using the Internet to reproduce or copy the Plaintiff's Motion Pictures, to distribute the Plaintiffs' Motion Pictures, or to make the Plaintiffs' Motion Pictures available for distribution to the public, except pursuant to a lawful license or with the express authority of the Plaintiffs. Each Defendant also shall destroy all copies of the Plaintiffs' Motion Pictures that Defendant has downloaded onto any computer hard drive or server without the Plaintiffs' authorization and shall destroy all copies of those downloaded motion pictures transferred onto any physical medium or device in each Defendant's possession, custody, or control.

2. For actual damages or statutory damages pursuant to 17 U.S.C. § 504, at the election of the Plaintiffs.
3. For the Plaintiffs' costs.
4. For the Plaintiffs' reasonable attorneys' fees.
5. For such other and further relief as the Court deems proper.

Respectfully submitted,

/s/ Douglas E. Riddell
